

It Was All Big Ears at Wyalkatchem

After the happy hour, there was a brief pause as everyone allowed their appetites to settle after indulging in the delicious nibbles. Soon, the park was bustling with activity as everyone heated up and prepared their Easter offerings. The bearded wonder delivered a heartfelt blessing, setting the tone for a wonderful feast that was enjoyed by all.

As always, our generous portions meant that there was a slight delay before dessert, as everyone made room for the delectable sweet treats.

The desserts were so sumptuous that they could easily pass as a meal on their own. By around 10:30pm, everyone had finished their feast and retired to their caravans and homes, ready to sleep off the food coma and reflect on the enjoyable evening.

The Easter break at Wyalkatchem Travellers Park was a memorable and enjoyable time for all who attended. We look forward to hosting more exciting events in the future and creating lasting memories for our guests.
