

Listen. We've got a new song!

New Release Alert! We're thrilled to share our new ballad, a roughly 4-minute journey through the sweeping Wheatbelt in Western Australia, and guess where you end up each evening after exploring the extensive Wheatbelt Way drive trail?

This heartfelt track captures the beauty and soul of open fields and endless skies.

We've got *two versions* of *two songs*, and we need YOUR help!

Listen to both and their versions, and let us know which one you like more. Then, drop your thoughts in the comments or tag us with #WheatbeltWanderers.

Stream each track now by clicking each of these links;

Like to read the lyrics? Here you go ... song #1 ...

[Verse]

Rolling hills stretch the land so wide
Dusty roads where secrets hide
Wheatbelt Way unfolds its song
Sunshine burns where we belong

[Chorus]

RV towing through time's hands
Out in the Wheatbelt ancient spans
Walkatchem's home our wheels will stav
Michelle smiles at the end of the dav

[Verse 2]

Towns like whispers on the breeze
Tin-roof homes and singing trees
Echoes of stories we can't ignore
Every corner just calls for more

[Chorus]

RV towing through time's hands
Out in the Wheatbelt ancient spans
Walkatchem's home our wheels will stav
Michelle smiles at the end of the dav

[Bridge]

Rolling down roads of gold and brown
Steps to history in every town
The Wheatbelt holds the soul in sway
Born to run we were made for this way

[Verse 31]

Light fades but the journey stays
Campfire shadows in the haze
Heart beats wild where freedom calls
Drifting through this life that entralls

and song #2 ...

[Verse]

Wheatbelt road winds beneath the sun cracked sky
Rolling hills stretch where dreams lie high
Towns whisper stories in the dust and the heat
Chasing that horizon pullin' us off our feet

[Chorus]

Base camp's waiting where the heart feels still
Wyalkatchem is sweet on every hill
Michelle laughing under a travelers' glow
Roads stretch endless but here's where we know

[Verse 2]

Wind hums low through the ocean of grain
Silent giants stand tall feedin' the plain
Wheatbelt towns with a charm that stays
Golden sunsets paint the end of every day

[Chorus]

Base camp's waiting where the heart feels still

Wyalkatchem days sweet on every hill
Michelle laughing under a travelers' glow
Roads stretch endless but here's where we know

[Bridge]

Tires kickin' dust trails under starlit skies
The rumble of the engine paired with her eyes
Ever roadside stop every stone unturned
This Wheatbelt life is the one we've earned

[Verse 3]

Dawn breaks soft like her voice through the breeze
Empty highways bring a sweet kind of peace
Each mile we take tells a story anew
The Wheatbelt Way's calling me and you

[Verse 3]

Dawn breaks soft like her voice through the breeze
Empty highways bring a sweet kind of peace
Each mile we take tells a story anew
The Wheatbelt Way's calling me and you

There you have 'em! Enjoy!
